Jacobean Quilt Project – Beginner/Intermediate Skills

Class meets one Monday per month, creating blocks in the following order: January Block # 1, February Block # 12, March Block # 15, April Block # 7, May Block # 4, June Block # 9, July Block #6, August Block # 19, September Block # 14, October Block # 11, November(1) Block #18, November(2) Block # 16, January 2012 Medallion Block. As there is no December class, 2 blocks will be done in the November class.

January class: We will go through your appliqué fabrics to select the best ones for this project. During the last hour of the class, we will go shopping at Quilt Patch to buy additional fabrics.

Appliqué Fabric:

___ Purchase fat quarters or 1/3 yard cuts of appliqué fabrics. See pictures in book for color suggestions. **100% cotton is “user-friendly” while polyester blends are to be avoided if possible.**

Other Fabrics: See attached supply list (page 2) of fabrics for the quilt

___ Background fabric – 3 yards for blocks or buy 6 yards if including a border of same fabric. 1 yard for center medallion (may be same or different). **See page 2 for detailed explanation about yardages.** Try to choose a light colored (white, beige, tan, etc.) fabric. DO NOT use a dark background fabric for this method. Tone-on-tone works nicely, but do not get fabric where you can “feel” the pattern. This is harder to needle by hand.

Threads:

___ *Match thread colors to your appliqué fabric. 100 weight silk thread or 60 weight spools of machine embroidery thread (not the shiny kind).

___ *A light colored hand quilting thread. If you do not have any, buy YLI bright goldenrod.

Other Supplies:

___ Book – “The Best of Jacobean Applique” by Patricia Campbell. See my site for the link.

___ *Scissors, straight pins, thimble (optional), etc.

___ *Size 10 Milliners needles (Richard Hemming brand is very good).

___ *Size 10 “sharps” needles (Richard Hemming brand is very good).

___ *One THICK-line blue wash-out fabric marking pen, such as Mark-B-Gone.

___ *Medium sized cutting mat, ruler, and rotary cutter.

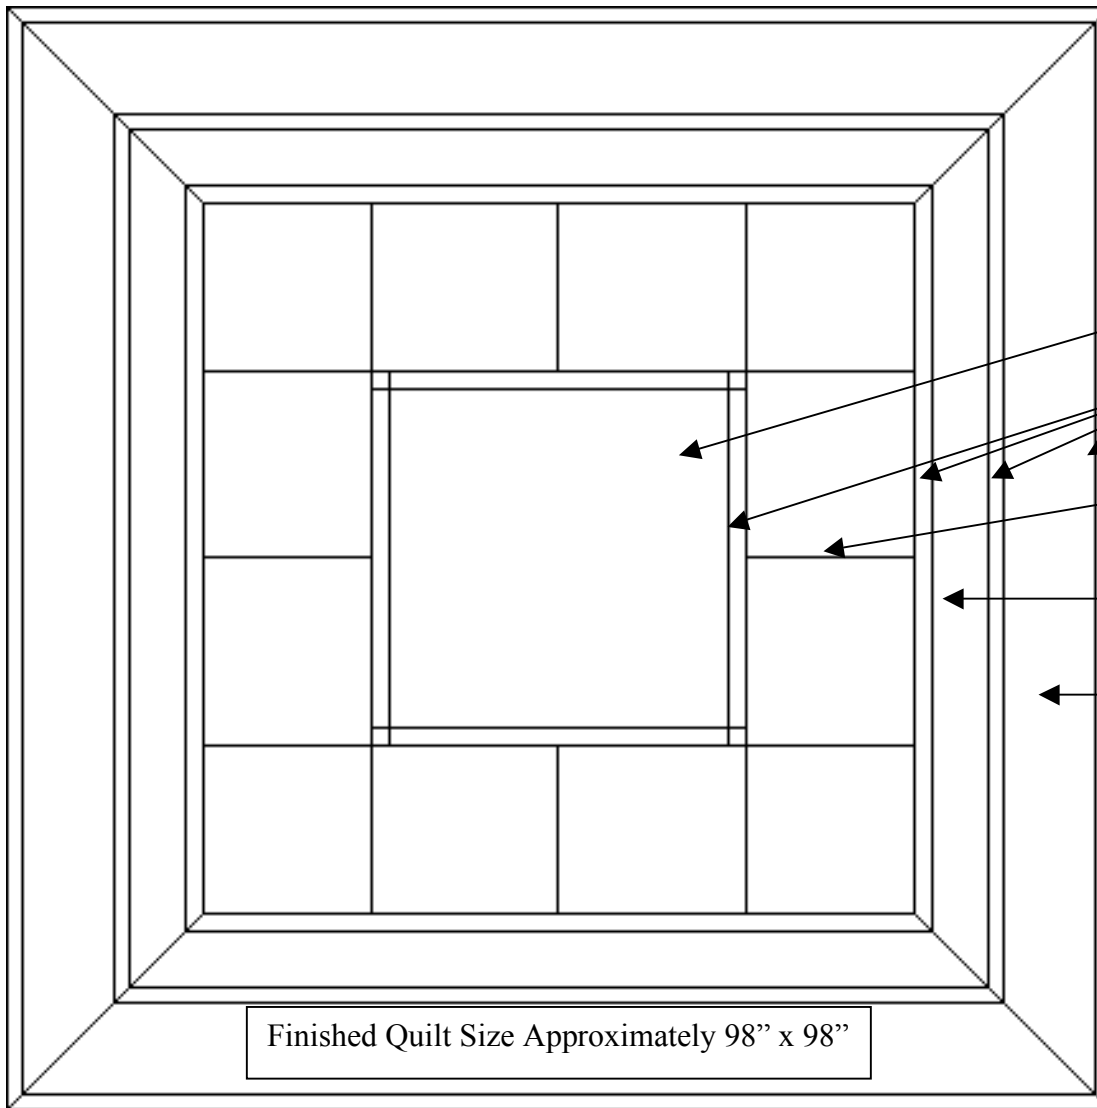

Pre-class instructions:

___ Wash and press all fabrics before class to remove sizing, pre-shrink fabric, and test for color fastness.

___ Before the first class, precut the background fabric (Fabric #3) into 16” blocks. You will need 12, as indicated on the attached supply list. If you wish, you may also sew or serge a narrow finish around the edges to avoid fraying.

NOTE: *This supply list has 2 pages.*

Registration Policy & Information for All Classes — PLEASE READ

For everyone's comfort and health, our classroom is a **fragrance-free zone**.

Class fees are due when you register for a class.

Classes not meeting minimum enrollment will be canceled one week in advance of the class date. If we must cancel the class for that or any other reason, we will refund your fees. We will call you if the class is cancelled.

If you need to cancel a class, **refunds will be given only if you call and cancel at least 7 days prior to the class**. You are welcome to send a friend in your place if you cannot attend, but we will be unable to refund the tuition.

For their safety, we cannot allow children to attend an adult sewing class with you.

Make sure you get a **supply list** for each class when you pay for your class. You can also find them on our website: **www.paramount-sew-vac.com**. You will receive a 10% discount on any **specified class supplies** you purchase at Paramount - just be sure to tell us the name of the class you are taking.

To comply with U.S. copyright laws, if an instructor specifies a book, embroidery card, embroidery CD or design for the class, each student must own their own copy.

If you'd like to use one of our machines for a class, just let us know a day or two before the class. This is a great way to "test drive" a new machine.

We design our classes to accommodate all levels of sewing skills, beginning to advanced — if you have any questions about a class, please do not hesitate to ask.

For all-day classes, you will have a lunch break. You may bring a lunch (we have a refrigerator & microwave) or you can purchase lunch nearby.

When you take a class at Paramount, we intend to teach you the basic concepts for the class. Our goal is to provide you ample time to grasp the concepts and do part of the project. The time allowed may not be enough to finish the entire project, but you will have the knowledge needed to complete it very successfully.

We look forward to sewing with you soon.
